Day weekend -- closing  
Saturday, Sunday and Monday,  
September 5-7.**

**Sunday hours resume on Sept.  
13 -- with a change  
1-5 p.m.**

## Join us for a Book Swap

**Wednesday, August 26 6:30 - 8:30**

Stop by during Knit Night on August 26 and bring with you any knitting books you have that you just don't want any more. Maybe you've made all the things you want from the book -- maybe it's just not your style any more.

We'll set up a swap table and you can trade off books with others. I know that I can't stand the thought of throwing out a knitting book. Help find a new home for a book you once loved!

## Join Our Mailing List

Keep your eyes open for more news of fall yarns and special fall events, including some special teachers, classes and other events.

Happy Knitting!

Narberth, Pennsylvania 19072**

## Dear TRACEY,

The heat and humidity of summer rages on, but the yarn world tells us that Fall is on its way! Many of the new fall magazines and pattern books are in -- including Interweave Knits, Knitscene, Vogue and others. The new Rowan magazine is out along with the St. Denis fall magazine featuring some designs from our own local yarnista - Carol Sulcoski.

But, given our tendency for Indian Summer, there's still plenty of time to knit something up in cotton, linen, hemp or other light things you'll be wearing through the first frost.

See you soon!

Sincerely,

**Diana Moro

## Fix & Finish with Maryanna

Aug. 15 and Aug. 29 - 2 - 3:30 p.m.

Our guru of fixing and finishing will be in for two Saturdays in August to help you learn how to get that sweater together or fix that problem. This open workshop is \$10. No pre-registration is required. Just bring your project.

## Back to Class?

It's about that time -- we're all getting ready to send the kids back to school. Isn't it time you sharpened your knitting skills and came back to class. Our six-week open classes are offered both day and evening. We'll take you from where you are as a knitter to the next level. Call or come by for more information. The class schedule is posted on our calendar at the website.
